

SUMMER READING ASSIGNMENT FOR STUDENTS ENTERING THIRD GRADE

Dear Parent,

During the summer, your child should set aside some time each day to read. Encourage your child to read books he or she likes, about subjects your child finds interesting. I can't emphasize strongly enough how important it is for your child to read, read, read on a regular basis.

To fulfill the minimum summer reading requirements, your child must read **at least four books – two required books, plus two books of his or her choice**. Obviously, the two books that your child chooses to read should be age-appropriate, and books that he or she has not read before. **In addition**, your child must spend at least one hour each week doing Reading work on the *iReady* website.

TWO REQUIRED BOOKS:

The Mystery of the Haunted House (Sycamore Street Mysteries)

by Willow Night

Who Was Thomas Alva Edison?

by Margaret Frith

For these two required books, your child should not write a report; however, he or she **will be tested on these books in September**.

TWO ADDITIONAL BOOKS:

One more **fiction** book of your child's choice

One more **nonfiction** book of your child's choice

For each of these additional two books your child chooses to read, your child will be expected to turn in a short written report on the **first day of school** in September. For each of these additional books, he or she should turn in a single looseleaf paper (with NO COVER!), listing:

- The title of the book
- The author's name
- Type of book (e.g., fiction, nonfiction, biography, autobiography)
- Brief description (three to five sentences only) of what he or she liked or disliked about the books. For the nonfiction book, your child should also tell one thing he or she learned from the book.

PLUS iREADY:

Your child is expected to spend at least one hour each week doing reading work on the *iReady* website. He or she may do an hour at a time, two sessions of 30 minutes each, four sessions of 15 minutes each, or whatever combination allows him or her to do spend a minimum of an hour a week on the site.

I cannot emphasize strongly enough the importance of reading. Good readers make good students. Please make sure your child actually reads all four books (the two required books, plus the two he or she chooses) and does not simply read a summary from the book's cover or the Internet. ***There are no shortcuts to becoming better readers and better students.***

Sincerely,
Miss Corrigan
